Days to Remember

World Environment Day

World Environment Day is celebrated on 5th June. Let's connect with nature and increase green spaces by creating Seed Bombs.

Seed bombs are like little packages of happiness for our environment! Not only do they provide essential food and shelter for birds and animals, but also beautify our surroundings .

To make seed bombs, mix together clay or soil, compost, and wildflower seeds/chickpeas/soybeans. Roll the mixture into small balls and let them dry. Then, simply toss them into areas that need a little extra greenery, and let nature do the rest!

FATHER'S DAY (15th June)

With the help of your mother select and pack an appropriate gift for your beloved father and surprise him on this Father's Day.
